Course: MAT2680 – Differential Equations, Section 6648  
Textbook: Elementary Differential Equations, Boyce and DiPrima, 9th Ed.  
Class meets: M/W 8:30-9:45am in Namm N700  
Office hours: M/W 11am-12pm or by appointment

Exams (50% of grade): There will be two in-class exams. NO make-ups for missed exams will be given. Exam dates will be announced at least a week in advance.

Final Exam (20% of grade): The final exam will take place during the last class of the semester. You must take the final exam to pass the course.

Homework (20% of grade): Homework will be assigned weekly and due the following week. Late homework will be graded with a 10% penalty per class day. You are permitted and strongly encouraged to collaborate on the homework with your fellows students. Homework should be completed as follows:

a) The first page should be a cover sheet containing your name/s and a short paragraph summarizing the main ideas of the material covered in the homework.

b) Each problem should be completed on a separate page.

c) The pages should be stapled together.

d) The writing should be neat and legible.

Warning: Unstapled/messy/illegible homework will receive an automatic 0 grade!

Class Participation (10% of grade):

a) presenting homework/in-class problems on the board  
b) answering questions in class  
c) asking questions in class  
d) regular and on-time attendance

Attendance: Attendance will be taken at the beginning of each class. If you are excessively absent or late you will receive a WU grade.

Withdrawal from course: The last day to withdraw from the course without a grade is November 11. Students who are failing should consider withdrawing officially before this date to avoid getting an F in the class.

Grading:

A = 93.0 – 100  
A- = 90.0 – 92.9  
B+ = 87.0 – 89.9  
B = 83.0 – 86.9  
B- = 80.0 – 82.9  
C+ = 77.0 – 79.9  
C = 70.0 – 76.9  
D = 60.0 – 69.9  
F = 0 – 59.9
